Overview

GSA OASIS is a multiple award, Indefinite Delivery Indefinite Quantity (IDIQ) contract that provides flexible and innovative solutions for complex professional services. OASIS includes seven separate government-wide multiple award IDIQ contracts which are individually referred to as “Pools” within OASIS. These Pools are designed to cover six core service disciplines – Program Management, Management Consulting, Logistics, Engineering, Scientific and Financial; Our Pool 1, Pool 2, and Pool 3 Unrestricted contracts enable the firm to apply its program management, management consulting, and engineering services across the broad scope of OASIS.

As a GSA-designated Best-In-Class contract, OASIS is available for use by all Federal government agencies and spans a variety of mission spaces across the professional services domain. With reduced procurement lead times and low administrative costs, Federal agencies have access to pre-certified and “best-in-class” contractors, subcontracting flexibility with teaming determined at task order level, no limits on contract or task order ceiling values, decentralized ordering, and more.

Benefits and Features of OASIS

› 10-year period of performance through September 2, 2024 (5-year base + 5-year option)
› Supports T&M, FFP, Labor Hour, CPFF, CPAF, and CPIF contract types
› No contract ceiling
› Low Contract Access Fee (CAF)
› Available to all Federal agencies worldwide
› Streamlined, proven acquisition process

How To Use OASIS for Task Orders

GSA designed OASIS for ease of use. You can issue and award a task order Request for Proposal (RFP) in eight steps:

1. Attend Delegation of Procurement Authority (DPA) training
2. Request a DPA
3. Conduct Market Research and Acquisition Planning
4. Build the Task Order Solicitation
5. Issue the Task Order Solicitation
6. Conduct Evaluations
7. Award the Task Order
8. Send the Task Order Award Information to the OASIS Office

You can find the OASIS Ordering Guide at gsa.gov/oasis
About Us
As a rapidly growing business, Avantus understands the landscape that federal agencies operate in – from complex and changing requirements, to evolving technologies and changing stakeholder dynamics. Appraised at CMMI® for Services maturity level 3 and with ISO 9001:2015 and 14001:2015 certifications, we are trusted advisors, delivering programs and projects on time and within budget. Our clients’ missions are our own, and their mission success is our primary focus.

FOUNDED
2004

HEADQUARTERS
McLean, VA
